SUBJECT: **ANNUAL INSPECTION OF DETENTION FACILITIES**

Pursuant to the provisions of Section 101045 of the California Health and Safety Code, the Department of Public Health has completed the annual inspection of the Detention Facilities operated by the Los Angeles County Sheriff's Department.

These facilities were inspected for compliance with sanitation and medical standards. The attached inspection findings have been reviewed and discussed with the responsible deputies, the officer in charge of the detention facility, and the Director of Medical Services Bureau, Sheriff's Department. Copies of the reports were also provided to the Chief Executive Office; the Chief of the Custody Division of the Sheriff's Department; and the State Corrections Standards Authority for their review.

These inspections are mandated by State law. Many of the results reflect recurring or continuing problems common in institutions. In certain cases, the Health Officer's role in these inspections is advisory. In other cases, specifically regarding the food operations in these facilities, the California Code of Regulations (CCR) is enforced.
